## Team-building focused on your commitment to the environment

Business Solutions, the corporate events division of Disneyland® Paris, has come up with a series of new team-building activities focused on sustainable development. These activities are designed to raise participants' awareness of environmental issues and to highlight your company's commitment to eco-responsibility through:

- Team building exercises that are both fun and inspiring
- The opportunity to be involved in environmental charity initiatives.

### • Green Party

#### The party that's good for the planet

During a drinks reception or after a dinner, your guests enjoy a fun event that also benefits an environmental charity. The aim of the game is to win the maximum number of tokens – corresponding to a total sum that will be paid to the environmental programme of your choice. Segway™ racing, interactive terminals and casino-style games with a new twist will test participants' knowledge about the environment, while the tokens they win can be used to purchase innovative, eco-friendly gifts during the auction that concludes the event.

**For 50 to 400 participants**  
From €30 per person excl. VAT.

### • Ecolympads

#### The eco-awareness championship

Round off your meeting with an opportunity for delegates to enhance their understanding of sustainable development in the peaceful, natural setting of Disney's Davy Crockett Ranch®. Participants are free to concentrate on the activities they find most appealing, with options including a Segway™ course – an opportunity to discover this eco-friendly mode of transport, virtual mountain-biking, making sculptures from recycled materials and natural paintings, and sensory experience workshops. At the closing ceremony, which can take place at the end of the event or during a gala dinner, participants are awarded original prizes such as the "Fair Play Award", the "Endurance Award", etc.

If you wish you can link your team-building event with an environmental charity, by making a donation.

**For 50 to 200 participants**  
From €56 per person excl. VAT

### • And the perennial favourite, the Davy Crockett Adventure

#### A treetop trail surrounded by nature

Raise awareness of environmental issues through this fun, active, team-building exercise in the forest of Disney's Davy Crockett Ranch®. This treetop adventure trail will have your guests swinging from tree to tree on creepers, crossing rope and monkey bridges etc. There are five trails and more than 80 workshops to stimulate all the senses.

The activity can be rounded off in festive style by holding a celebratory barbecue in the heart of the forest.

**For 20 to 216 participants**  
From €34 per person excl. VAT.

**AN ABUNDANCE OF SOLUTIONS TO TRANSFORM YOUR EVENT INTO AN ENVIRONMENTAL COMMITMENT**

**AN EXPERIENCE TO BE REPEATED – WITHOUT RESTRAINT!**  
For an agency Disneyland® Paris offers real added value – it's a fantastic playground, fully modular, allowing us to give free rein to our creativity. For the client, knowing the venue and the staff is the best guarantee for a successful event.

(THE BUSINESS TOURISM  
TRADE SHOW)  
15 and 16  
September 2010  
Carrousel du Louvre  
Paris, France

### Concrete sustainable development initiatives

For nearly 20 years Disneyland® Paris has pursued a voluntary policy of analysing and reducing its environmental impact. Saving water, using renewable energy, waste processing, team building activities designed to raise environmental awareness – these are just some of the concrete initiatives reflecting our commitment to safeguarding the environment.
